

EU SAYSO Project

Situational Awareness Tools Used by EU Crisis Managers

Dear participant,

The table below lists *Situational Awareness* (SA) tools used routinely or would like to be used by EU crisis managers, based on:

- (a) Analysis of the data resulting from the first SAYSO Questionnaire-based Survey (2017)
- (b) Results of SAYSO Technical Expert Meeting (DE 2017)
- (c) Results of SAYSO Technical Expert Meeting (AT 2018).

Please tick the appropriate box in the table below concerning the SA tools your organisation would use in the Reference Scenarios listed.

Thank you for your assistance.

F. STEINHÄUSLER
SAYSO Technical Coordinator

• **Please select your organisation type:**

Police

Firefighters
